EQVET-US

EUROPEAN QUALITY ASSURANCE IN VET TOWARDS NEW ECO SKILLS
AND ENVIRONMENTALLY SUSTAINABLE ECONOMY

An innovative solution, under the new EQAVET recommendations, the eQvet-us reference framework for sustainable development:

- eQvet-us framework - indicators of means to set up quality assurance systems in VET on 3 pillars of sustainable development;
- eQvet-us practice set - a guide for implementing, evaluation, review and a self-diagnostic tool.

COORDINATOR

"Petru Maior" University of Tirgu-Mures, Romania

An innovative eQvet-us peer learning evaluation method, for evaluation of trainees and VET professional programs quality:

- eQvet-us methodology for scalable Eco skills and sustainable training evaluation, that provides evaluation on four levels: reaction, learning, behaviour, result;
- eQvet-us recommendation guide: good practices, lessons learnt, tips, etc. in all partners' countries.
